Hon. William E. Callahan, Jr.  
Magistrate Judge  
United States District Court  
Eastern District of Wisconsin  
517 East Wisconsin Avenue  
Milwaukee, WI 53202

**Re: Albert Patterson v. TVN Entertainment Corporation, et al.  
Case No. 04-C-0192 (E.D. Wis.)**

Dear Judge Callahan:

As this Court will recall, the parties reported to the Court on or about September 7, 2005, that they had agreed in principle to resolve this matter. Unfortunately, I now have been informed that the tentative settlement initially reached by the parties has failed and that the parties are now unable to resolve their differences. Under these circumstances, TNA respectfully submits that a settlement conference or mediation, either before this Court or one of the other magistrate judges, would be appropriate and helpful. In the alternative, TNA expects that this Court will wish to reset this matter for a status conference to discuss further scheduling in this matter.

Respectfully submitted,

Andrew A. Jones
